Address:

Vernon

Price:

Free

This computer comes loaded with the latest OS, (Sierra) and looks and runs like new! Has the original box and comes with wireless keyboard and mouse. I'm selling because I just got a new iMac. It can be seen at Box Office Express in downtown Vernon. You can contact me by email at tim@bradelimages.com or call or text 205-431-7591. It is a mid 2011 model, and the photos are what that model looks like.
